#### Please observe the scenario below:

Anne registers and pays for a 10-weeks term of Tai chi. Anne has been on holidays and returns to start in the 3rd week of a 10-weeks term. Meaning, Anne has missed 2 sessions of 10. Anne will therefore attend the remaining 8 sessions of Tai chi, but in addition, will participate in an additional 2 sessions of another program of her choosing during a different time slot and/or location to make up the 10 sessions.

Anne can do this at another location across the Tunde-world or even in a different program is like Qigong. Anne has emailed the Tunde-world' staff to confirm which make up sessions she will attend before doing so Tunde-world staff have informed the instructor ahead of time. The makeup lessons should be in the same year anyway ask Tunde for further communication.

**Terms and conditions** - You agree to comply with the following terms and conditions. **Note** - these terms and conditions are subject to change without notice.
